

EVREN TOMBUL CV

IT Manager

RESUME

He was born in 1982, Germany. Maçka ATL. He graduated from Mersin University Computer Programming and Ahmet Yesevi University Computer Engineering. In addition to his education since 2000, he has worked in various corporate companies in the IT departments of specialist and managerial positions in his professional business life. An example of the most important work experience was Clariant A.Ş. He worked as an IT specialist at Ulus Jewish Schools in 2008-18. Between 2018-2023, he worked as the IT Manager at İstek Schools as the education and information technologies coordinator in the institution. He managed a system with 22 campuses (2500 employees, 20 thousand students), 40+ IT expert teams, 15 thousand+ connected devices, many servers and network infrastructure in Turkey.

It has a proven track record of creating value and meeting business goals through the successful transformation of information technology and business. He is the distinguished digital change and innovation manager who drives business growth by shifting from traditional business processes and models to high-impact and efficient models using digital technologies and data. It has management skills that stand out with its ability to create and manage multi-disciplinary and diverse teams with peak performance in remote/near locations, as well as the ability to achieve cross-functional business goals in high-budget businesses. With a strong business acumen, he specializes in the creation of pragmatic and business-oriented digital Technology strategies. It can perform IT organization design and talent development in order to provide superior solutions and services with maximum return at the lowest possible cost. It is a member of many associations related to information technologies. He is married and has 2 children, speaks English.

01.05.2011 – 24.04.2018

I started working again as IT Manager. I managed Firewall (Watchguard), Network (Cisco, Lancom), Physical and virtual servers (HyperV, PDC, ADC, Azure, Dirsync, Symantec Endpoint, Accounting, Logsign, File servers, Veeam Backup, WSUS, Moodle etc.), Web sites. I managed the systems used by more than a thousand users and enabled them to use them without any problems. I ensured the smooth operation of Google Suites and Microsoft E1 Office 365 systems and gave trainings as a Google certified trainer.

-- Server Management

-- Domain Server Active Directory management

-- Symantec Antivirus server management

-- Kurumnet Server management.

-- File servers and NAS systems management

-- Web servers management (Microsoft, Linux)

-- HyperVisor and Vmware servers management.

-- Accounting program server management (Dendata, Nebim)

-- Azure Dirsync Servers management

-- Remote Controller programs management

-- Watchguard Firewall Systems and Log servers management

-- Logsign Log server management

-- Computer clients managements.(PC, Laptop, TabletPC, SmartPC, Interactive Boards, Mobile devices, Mac, iPad, Linux clients)

-- Educational Technology Leadership Project

-- Educational Technology and Basic Approaches

-- 1:1 Tablet Applications

-- iPad Applications in Classroom (iMovie, Keynote, Numbers, Pages, Educational apps)

-- Mac OS X, Windows and Linux Operating Systems

-- Microsoft Office for Mac / Windows / Linux

-- Graphic Design Course (Prep,9,10,11,12 Grades)

-- Web Design Course (Prep,9,10,11,12 Grades)

-- Web Programming Course (Prep,9,10,11,12 Grades)

-- Maker club - Makey Makey, Arduino, RaspberryPI course (Prep,9,10,11,12 Grades)

-- Design of Learning Environments with UBD and Google Apps for Education, Training

-- Feedback & a Learning Management Platform as Google Classroom

PERSONAL FEATURES

Not those who spend time in exchange for a salary in the institution they work for, To be the person who ADD PLUS VALUE!

The ability to work late at work to always get a job done well, if necessary, working late to get related work done.

Adopting the principle that doing the job well is a reflection of our character, not the salary.

The ability to adapt quickly to new technologies, programs and systems, to constantly improve oneself and to follow the technology instantly and closely

Tendency to be versatile in information and information systems, ability to improve both software and hardware at the same time

Maximum compatibility in Analytical Thinking & Teamwork, being organized & disciplined, not leaving any work unfinished.

Being part of the "Solution", not the Problem.

Altar High Informatics- Java Software Developer

01.09.2010 – 22.04.2011

I worked as a Java software developer. ETS Tur , Atlasjet and herevelazim.com etc. I took part in projects. I developed projects with Java. I mostly dealt with JSP, Servlet and web programming. There was an opportunity for me to return to UOMO again and I took advantage of it (www.altar-tr.com)

Ulus Private Jewish Schools – IT Manager

01.03.2007 – 10.09.2009

I started working as an IT Manager. I installed and managed Win2003 ISA server, Domain server and OkuINET Server (www.k12net.com). I provided a help desk service for system support to computer users (150 users) in the Primary and High School departments. I left due to short term military service. (www.uoml.k12.tr).

Tanırlar Group A.Ş. – IT Manager

25.6.2006 – 28.2.2007

I worked in the head office as an IT manager. I assisted the end users (total of 200 computers) in the head office and three branches with system support and Accounting program (Link). I managed Win2003 ISA and Domain servers. I made and managed the Tanislar Yapi Group sites. (tanislargrup.com.tr).

Evo Bilişim – Co-Founder

02.02.2005 – 8.8.2006

I was working in my own company (%50 partner), which I opened as a partner with a friend. We were providing professional co-location, Web hosting, web site design, graphic work, system & network installation and support services, LOGO commercial software sales & support, computer sales to our customers. We also bought Casper Computer partnership in Beşiktaş. Enough efficiency from our work Due to the fact that we could not get money and we could not come to an agreement with my partner, we gave our closing on 08.08.2006 and left my partner (evobilisim.com.tr)

Casper Center (Lego Bilg. Kadıköy). – IT Specialist

1.9.2004 – 1.1.2005

I provided Help Desk service to our customers with maintenance contracts. I did System, Network and Software setups. After the computer sales, we went to the relevant places for installations.

Clariant A.Ş. – IT Specialist

21.09.2003 - 31.05.2004

I worked in IT as an IT specialist at Clariant, a leading international chemical raw material company in the world. I took part in LAN & WAN Connections and end-user system support. I took part in the Windows XP implementation project. We managed Win2003 ISA and Domain servers. I managed users' Lotus Domino R7.0, Notes R7.0 local, remote access and BlackBerry e-mail system. I took part in the backup with the Bright Store backup program. I took part in the implementation of SAP with a central team from Germany, we transferred the whole organization to SAP and adapted it.

Mersin Uni. IT Center – IT intern

21.09.2001 - 31.01.2002

Firewall systems, working on network security issues, getting information about Unix Linux server systems, taking part in the development of Mersin University corporate website. I worked on issues such as Free-BSD servers management, mail server management. Installation of servers without network cabling in central campus installations I have worked on issues such as I was also the Internet room manager.

Casper & Escort Computer (Beşiktaş). – IT Specialist

01.04.1998 - 01.03.2000

I worked part-time, simultaneously with the school, as a computer repair, IT, technical staff

UOMO STC team UOMO Student technical team – Student Tech Crew - May 2013

In our school, a student technical team consisting of an average of 2 students from each class was formed. This team plays a very important role especially in the BYOD process. This team is specifically responsible for performing the technical first aid response in the classroom and around it in general, this generally makes things work better. At our school, our main expectation from these students is not to solve technical problems, but to help their peers by guiding them on how to solve them.

UOMO IOT Project RaspitV RaspberryPI TV - January 2013

We add Raspberry pi modules to the back of the 40" TVs placed in the classrooms and corridors of our entire school, we named the devices as piTV. There is 1 SD card in these piTV modules, it contains this operating system. We also attach a flash disk to this module, both the flash disk and the additional operating system. and RAM. We also plug in a USB Wireless adapter. We connect with piTV remotely and upload weekly pictures and videos. On piTVs we manage remotely, we also connect daily

Relevant pictures and videos are played at certain times.

UOMO – Web Uoiml.k12.tr – January 2012 - I am responsible for the management of our school's web page.
